Web Developer | Computer Programming Student

Passionate about problem-solving and building scalable web applications. Experienced in front-end and back-end development, API design, and database management. Developed a small business management platform that strengthened my full-stack skills.

Technical Skills

- Web Development: HTML, CSS, JavaScript, React, TypeScript
- Back-End: Node.js, Express, API Development
- Databases: MySQL, MongoDB, Oracle
- Version Control: Git, GitHub
- UI/UX Design & Accessibility

Work Experience

College Tutor | George Brown College (2023 - Present)

- Tutored students in web development & database management.
- Assisted in debugging & troubleshooting coding issues.
- Created learning materials & simplified explanations.

Customer Service Representative | Loblaws (2022 - Present)

- Assisted customers & handled problem resolution.
- Strengthened communication & multitasking skills.

English Instructor (TEFL) | Iran Language Institute (2015 - 2022)

- Managed a business page with 29K followers for English learning.
- Designed digital learning content & interactive exercises.
